Client Casework & Disaster Action Team Orientation

At

8160 church St, Mokelumne Hill (just off Hwy 26)

Through the courtesy of Mokelumne Hill Fire

When a single family is forced to leave their home because of a fire, they may be in need of emergency food, clothing and a safe shelter. In an emergency, Evacuation Shelters in Calaveras County need about 7-10 persons, or more, that are trained in Red Cross Shelter Operations when multiple families are forced to leave their homes due to a wildfire, flood, or other disaster. Can your Fire Department count on you to assist these displaced families on behalf of the American Red Cross as part of the Red Cross Team in your Fire Protection District?
